SUMMARY

As a web developer with over 2 years of experience and a First-Class Honors degree in BSc Computing Information Systems from the University of Greenwich, I excel in leveraging my technical expertise and leadership capabilities to deliver innovative solutions. I thrive in dynamic environments, consistently maximizing my skills to achieve outstanding results in both academic and professional projects.

TECHNICAL SKILLS

- **Languages & Frameworks**: Proficient in PHP, Laravel, JavaScript, jQuery, CSS, HTML, and Bootstrap. Experienced in developing RESTful APIs and creating custom WordPress themes, plugins, and template files.

- **Frontend Technologies**: Intermediate skills in JavaScript frameworks (Vue.js, React) and CSS frameworks (Tailwind CSS, Bootstrap).

- **Database Management**: Experienced in MySQL, Firebase, and Oracle, with expertise in index optimization and query performance tuning.

- **Version Control**: Hands-on experience with Git, GitHub, and GitLab for version control and collaboration.

- **Project Management**: Strong project management skills, with attention to detail and analytical problem-solving capabilities.

- **Hardware & Operating Systems**: Knowledgeable in computer hardware and operating systems, including Windows and Linux (Ubuntu).
- **Enterprise Solutions**: Experienced in creating project flow diagrams for Enterprise Resource Planning (ERP) systems.

WORKING EXPERIENCE

2022 Dec – 2024 OCT

HTUT Company Media & ICT Solution

Role – Web Developer

- Maintained and enhanced the e-commerce website, integrating new features.
- Tested web applications for functionality and usability.
- Researched emerging technologies and created project flow diagrams (e.g., ERP systems).
- Assisted senior developers in adapting to project needs.
- Led the development of the "Lucky Charm" website.
- Develop ERP POS software system

2022 Oct – 2022 Nov

HeySara IT Team (Singapore)

Role – Web Developer

- **Website Maintenance & UI Design**: Managed and enhanced the website's pages, improving the user interface through PHP, HTML, CSS, and JavaScript.

- **Backend Enhancements**: Developed new backend functions using the Laravel framework, integrated Ajax for dynamic interactions, and implemented custom filtering/search functionalities in Laravel Yajra Datatables.

2021 Jan – 2022 April

IT & Design Department at ESC Myanmar

Role –Web Developer

- **WordPress Development**: Maintained and upgraded existing ESC Myanmar websites, creating custom themes, template files, and plugins for WordPress to enhance functionality and user experience.

- **Project Planning & Data Gathering**: Involved in collecting data and planning projects, including creating proposals for architectural design to ensure comprehensive project execution.

- **Team Collaboration**: Actively worked with a team of designers, developers, and content creators, facilitating effective coordination and teamwork.

- **Technology Research**: Researched and evaluated new technologies to incorporate advanced features and improve user experience.

- **Front-End Development**: Developed and styled HTML views with HTML5, CSS3, and Bootstrap, and implemented interactive front-end components using JS.

- **Development & Testing**: Participated in coding, testing, and debugging processes to ensure functionality and reliability of web solutions.
- **Client Interaction**: Prepared website mock-ups for clients to review, ensuring alignment with client expectations and satisfaction before final project deployment.

2020 Jan – 2020 July

PHP Developer (OJT) at Myanmar IT Bootcamp

- **Coursework Completion**: Gained foundational knowledge in PHP and Laravel through comprehensive coursework.
- **Individual Project**: Completed a solo project, leveraging PHP and Laravel to create a functional web application.
- **Group Projects**: Participated in two group projects, collaborating to design and develop applications using PHP and the Laravel framework.

EDUCATION BACKGROUND

- BSc (Hons) Computing Information Systems (April 2020 – Feb 2022) (University of Greenwich)
